MOTION: TO APPROVE THE AGENDA

MOVED: K. CLOUTIER

SECONDED: S. MODHERA

FOR: 12

AGAINST: 0

ABSTAINED: 0

VOTE: CARRIED

2.0 Emergency Class of Registration

A. Stein reviewed the briefing note with the board. COO submitted a proposal in April 2023 to amend its Registration Regulation to add an emergency class of registration. The proposal was built on other pending amendments to the regulation. Following discussions with the Ministry of Health in June 2023, the COO was asked to resubmit the proposal based on the current regulation (i.e. without reference to the other pending amendments).

The board was asked to approve the revised draft of the regulation. As the revised emergency class would apply to the same group of people as the board had previously approved, the board was of the view that it was not necessary for the draft to be recirculated for stakeholder feedback.

Public interest considerations: The board considered that the purpose of the emergency class is to facilitate access to opticianry services in the event of a public emergency. The proposed amendments to the Registration Regulation will achieve this objective by creating an expedited path to reinstatement for opticians who have been out of practice for fewer than six years. The proposed amendments will also protect the public by striking a balance between the need for opticians on an emergency basis and ensuring that opticians will practise safely and in accordance with the Standards of Practice.

Diversity, Equity and Inclusion considerations: The proposed amendments will strike a balance between the need for facilitating access to opticianry services in the event of a public emergency and ensuring that opticians will practise safely and in accordance with the Standards of Practice. The Registration Committee did not identify any concerns from a diversity, equity or inclusion perspective with respect to the proposed amendments.

MOTION: TO APPROVE THE PROPOSED AMENDMENTS TO THE REGISTRATION REGULATION, AS SET OUT IN APPENDIX A, TO BE SUBMITTED TO THE MINISTRY OF HEALTH FOR APPROVAL AND IMPLEMENTATION.
